

Behaviour Management Policy

It is important to remember that the child is always loved and accepted but at times, behaviours may need some guidance.

Children learn by observing the behaviours of others, so by demonstrating and negotiating acceptable behaviours and interactions, we are teaching the children what is socially acceptable.

Child Protection Policy

We are required by law to provide and display our Child Protection Policy, for the safety of all children in our community. Details of this are posted on the parent notice board in the Parish Hall.

Preschool Music & Playgroups

Kapiti Anglican Parish

Twinkle Toes/Little Wigglers

Twinkle Toes Music and play groups offer a place where children, their parents, grandparents or caregivers can come and share together fun memories with the help of music, dance and instruments.

A chance for little ones to express themselves freely as they explore who they are.

Tuesday morning music sessions are provided by Kapiti Parent Centre, under the name 'Little Wigglers', while the Thursday morning music is licensed under 'Twinkle Toes'.

The playgroups are offered to the local community, through Kapiti Anglican Parish.

Music

Music sessions offer an opportunity for children to develop many pre reading and language skills through rhythmic patterns and repetition, along with cooperation, listening and having fun.

Adults are strongly encouraged to actively participate in the music as this encourages your child's participation and confidence.

Playgroup

Playgroups offer further opportunity for children to develop social, physical, emotional and language skills as they explore their place in their world.

Playgroups encourage the development of relationships and trust with peers and other adults through play.

Adults too, have the opportunity to gain friendships and support networks.

Our playgroups are church run, and always begin with a Christian prayer of thanks.

On other occasions of celebration, like Christmas and Easter we also offer a Christian perspective.

We have a team of volunteers who have a heart for supporting young families and give of their own time freely to help in the kitchen.

Adults are expected to assist our volunteers with distribution and support of activities and resources as you are able.

You are responsible for supervising any children that come with you, however please ask another adult to help if some are indoors and out, or you need to take one to the bathroom etc.

This practice of responsibility sets an example to children and builds on everyone's sense of trust and belonging in a community and, keeps everyone safe.
